117-2. It is unlawful for any person, firm, or corporation to operate a security firm or engage in the business of providing guards or private investigators within the corporate limits of the City of Chicago without first obtaining a security firm license.

117-3. (a) An application for a security firm license shall be made in conformity with the general requirements of this code relating to applications for licenses. In addition, each application shall specify the location of the principal place of business of the applicant and, if such applicant is a corporation, the date and place of incorporation. Such application shall also set forth the qualifications required of the applicant pursuant to the provisions of the chapter.

(b) The application shall be signed, and verified under oath by the applicant, or, if a corporation, by its duly authorized officers.

(c) No license to engage in the business of a security firm shall be issued to any person, firm, or corporation unless such person, firm, or corporation is the holder of an unexpired certificate of authority to conduct a detective agency, issued by the Department of Registration and Education of the State of Illinois.

(d) No license to engage in the business of a security firm shall be issued to any person, firm, or corporation unless such person, firm, or corporation submits evidence of comprehensive general liability insurance coverage, issued by an insurance carrier found by the Superintendent of Police to be responsible and solvent, in principal amounts of not less than $500,000 for each person and $1,000,000 for each occurrence for bodily injury liability, and $500,000 for property damage liability.

(e) No license to engage in the business of a security firm shall be issued to any person, firm, or corporation if such person, any member of such firm, or any officer or owner of record of more than 10% of the stock of such corporation shall have been convicted, within the past 10 years, of any felony, any crime involving moral turpitude, any unlawful use of weapons, or any impersonation of a public law enforcement official. Nor shall such license be issued where there is proof of fraud or willful misrepresentation in the application for such license.

(f) Each application shall be investigated and approved by the Superintendent of Police.

117-4. Such applicant shall pay an annual license fee of two hundred dollars. No license shall be issued for less than the full annual license fee.

117-5. No license granted under this chapter shall be transferable.

117-6. (a) No person who is or has been an employee of a holder of any license granted under the terms of this chapter shall divulge to any one other than his employer, except as his employer shall direct, and except as may be required by law, any information acquired by him during such employment, in respect to any of the work done to which he shall have been assigned by such employer.

(d) The use of the word "police" in any firm name or on any uniform or vehicle, or in any advertisement, is unlawful.

(e) It is unlawful to wear, provide or require any uniform, badge, or insignia unless such uniform, badge or insignia has been approved by the Superintendent of Police; in no event shall any star be approved by the Superintendent.

Such training shall be evidenced by an affidavit executed by the licensee or its officers, a copy of which is to be carried by the employee. The Superintendent of Police may review the training afforded by any licensee or to any employee as to its thoroughness and adequacy, and may, if he finds it not to be thorough or adequate, require additional reasonable training instruction in liability for acts and on-range firearms training.

Your Committee on Finance, pursuant to the provisions of the procedural Ordinance for issuing General Obligation Bonds, enacted on April 5, 1972, advertised for a Public Hearing on an Ordinance introduced into the City Council by Richard J. Daley, Mayor, City of Chicago on July 25, 1973 recommending the issuance of Sewer Bonds in the amount of Forty-Seven Million Dollars ($47,000,000.00). Said advertisement was published in a newspaper of general circulation in the City of Chicago, to wit "Chicago Today", and said advertisement was published on August 21, 1973 calling for a Public Hearing on September 7, 1973 at 10:00 A.M. A certification of said publication is attached to this report. The Committee on Finance did, at the appointed time and place, hold a Public Hearing and heard testimony of many witnesses. The Committee on Finance recessed until Monday, September 10, 1973 at 10:00 A.M., and at the appointed hour, the meeting was called to order.

The City Comptroller submitted to the Committee on Finance the results of bids taken for the sale of General Obligation Bonds to provide the funds with which to carry out the Projects set forth in the Ordinance. The City Comptroller recommended to the Committee on Finance that it accept and in turn recommend to the City Council the acceptance of the bid with the lowest effective cost to the City of Chicago.

The Committee on Finance, after considering the recommendation of the City Comptroller, recommended that such bid be accepted and the amounts necessary to pay Principal and Interest on the Bonds be inserted in the Ordinance in the proper blank spaces provided therefore.

The Committee on Finance then, by roll call, recommended to the City Council the adoption of the Ordinance, a copy of said roll call is attached hereto and made a part of this Report as follows:

The said City Council reserves the right for its proper officers to make any investment of such moneys permitted by state law if, when and to the extent that said Section 103(d) or regulations promulgated thereunder shall be repealed or relaxed or shall be held void by final decision of a court of competent jurisdiction, but only if any investment made by virtue of such repeal, relaxation or decision would not, in the opinion of counsel of recognized competence in such matters, result in making the interest on said bonds subject to federal income taxation.

Section 9. That the proceeds of the bonds hereby authorized shall be expended only for the purpose of constructing the auxiliary outlet sewers herein authorized and which are shown on maps and reports describing the same prepared by engineers employed by the City for the purpose of preparing the same and which also show the estimated dates of commencement and completion thereof, all of which are presently on file in the office of the City Clerk of the City of Chicago.

LADIES AND GENTLEMEN—At the request of the Commissioner of Streets and Sanitation, I transmit herewith an ordinance authorizing a bond issue in the amount of $14 million for the purpose of designing, constructing and equipping a solid waste processing plant.

Technology has developed a shredding technique for the disposal of solid waste refuse which is more efficient than municipal incinerators, more effective than land fill and more economical than hauling, and which technology produces a product which is low in sulfur and which may be utilized as an energy source without deleterious ecological consequences.

Upon completion of this plant, the City will sell the by-products of the shredded refuse to Commonwealth Edison. The proceeds of the sale of refuse together with the reduced costs in processing refuse in this manner will enable the City to lower the cost of waste disposal by approximately 50% per ton.

Your favorable consideration of this ordinance will be appreciated.

The roadway(s) of the several street(s) heretofore specified between the points herein described, also the roadway(s) of all intersecting alley(s) extended from the curb line to the street line on each side of said specified street(s) between the points herein described shall be so graded by cutting or filling and compacted by rolling with a roller of ten (10) tons weight that after the grading of the roadbed(s) is completed and the pavement herein described placed thereon, the surface of the finished pavement at the center of the roadway of each of said specified street(s) shall be at the elevation of the top of the curbing herein described; and the surface of the said finished

pavement at the summits in the gutters between catchbasins and adjoining the roadway face of the curbing shall be three (3) inches below the top of said curbing, and at the catchbasin inlets in the gutters adjoining the roadway face of the curbing shall be nine (9) inches below that top of said curbing. The slope of the gutters adjoining the roadway face of said curbing shall be uniform from the summits to the catchbasin inlets.

A tranverse section of the surface of the finished pavement and gutters shall be an arc of a circle passing through the said gutter elevations and the elevation of the center of said finished roadway at every part of the roadway of said specified street(s) between the points herein described.

In all intersecting alley(s) herein specified at the street lines of said specified street(s) the surface of the finished pavement adjoining the curbing shall be even with the top of the curbing and the surface of the finished pavement at the center of the roadways of said alley(s) shall be three (3) inches below the top of the curbing and a transverse section of the surface of the finished pavement at the street lines of said specified street(s) shall be an arc of a circle passing through the surface of the pavement adjoining said curbing and the surface of the pavement at the center of said finished roadway(s), the surface of the said pavement thence shall slope gradually to meet the surface of the finished pavement at the curb line of said specified street(s).

On the sub-grade as formed and compacted shall be spread an insulation course of limestone screenings. Said insulation course shall be one (1) inch in thickness and shall extend across the full width of the roadbed.

On the insulation course as formed and compacted shall be spread a foundation course consisting of a layer of crushed limestone of the best quality, broken so as to pass through a ring of four (4) inches internal diameter and held on a ring of two (2) inches internal diameter. The stone spread shall be well graded as to sizes. It shall be evenly distributed so as to leave no pockets filled with the small size stone. This layer shall be thoroughly rolled with a self propelled three wheel roller, weighing not less than ten (10) tons. The rolling shall begin at the edge of the pavement and the roller shall move parallel with the center line of the roadway. The roller shall progress gradually towards the center of the roadway, uniformly lapping each proceeding track, covering the entire surface with the rear wheels and continuing until the stone does not creep or move ahead of the roller. After the crushed limestone has been thoroughly rolled and keyed, limestone screenings shall be applied gradually over the surface and the rolling continued until sufficient screenings have been applied to completely fill the interstices. The screenings shall be swept in with hand brooms to properly fill the voids. The spreading and rolling shall continue until no more screenings will go in dry. No excess of screenings shall be used before applying water. Immediately after the voids have been filled with screenings, the macadam shall be sprinkled until saturated, the sprinkler being followed by a roller. More screenings shall be added if necessary. The sprinkling, sweeping and rolling shall continue until a grout shall be formed of the screening and water that will fill all voids, and form a wave of grout before the wheels of the roller. The quantity of screening and water necessary to fill the voids shall be determined by the engineer and shall be sufficient to produce a rough granular surface. The rolling, at all times, shall begin at the sides, and then progress toward the center, thoroughly covering the entire surface with the rear wheels. When compacted, this layer shall measure not less than five (5) inches in thickness.

Upon the finished waterbound macadam base there shall be uniformly applied by an approved type of spreader box, two (2) inch stone to a depth providing a total base course thickness of three (3) inches after final compaction. After shaping to grade and rolling with a ten (10) ton roller three quarter (¾) inch stone chips shall be broadcast and broomed into the surface voids at the rate of fifteen (15) pounds per square yard. Liquid asphalt at a temperature of 140 degrees F. shall be uniformly applied by a pressure distributor at a rate of one and one-half (1½) per gallons per square yard. Stone chips shall again be broadcast and broomed uniformly over the surface at the rate of fifteen (15) pounds per square yard. Liquid asphalt shall be uniformly applied by a pressure distributor at the rate of one-half (½) gallon per square yard. Stone chips shall be broadcast again at the rate of ten (10) pounds per square yard. The surface shall then be thoroughly rolled. The asphalt shall conform to the State Specification for Emulsified Asphalt R. S. 2, Page 640 of Illinois Standard Specifications for Road and Bridge Construction adopted January 2, 1952.

On the said foundation course shall be placed an asphaltic concrete surface course two (2) inches in thickness consisting of an asphaltic concrete mixture conforming to the standard requirements of the Illinois State Division of Highways for Type 1-11 Asphaltic Concrete adopted January 2, 1952, as follows: The asphaltic mix shall consist of a mineral aggregate bonded with the asphaltic cement. The mineral aggregate shall consist of the best quality of crushed gravel or crushed stone in sizes graduated in accordance with the following table, viz:

Asphaltic Concrete Surface Course, Fine Dense Graded Aggregate Type

Passing ½ inch sieve	95-100%
Passing ½ inch, retained on No. 4 sieve	45- 65%
Passing No. 4 retained on No. 10 sieve	10- 30%
Passing No. 10 retained on No. 40 sieve	5- 18%
Passing No. 40 retained on No. 50 sieve	7- 22%
Passing No. 80 retained on No. 200 sieve	5- 13%
Passing No. 200 sieve	4- 8%
Bitumen	5- 7%

(Table 45.11p. 247 State Specifications)

The asphaltic cement shall conform with the standard requirements of the Illinois State Division of Highways for Grade P.A. 6 Paving Asphalt, adopted January 2, 1952. It shall have a flash point (Cleveland open cup) 500 plus Fahrenheit. It shall have penetration at seventy-seven (77) degrees Fahrenheit of seventy-five (75) to eighty-five (85), and at least ninety-nine and five tenths (99.5) per cent of bitumen shall be soluble in carbon disulphide.

When fifty (50) grams of said paving asphalt is heated in an uncovered tin box five and one-half (5½) centimeters in diameter and three and one-half (3½) centimeters in depth, and is held at a temperature of three hundred and twenty-five (325) degrees Fahrenheit for five (5) hours, then it shall have lost not over two (2) per cent by weight and the penetration of the residue thus obtained shall not be less than seventy (70) per cent of the penetration before such heating, said penetration being determined as herein described. Said paving

asphalt shall have a ductility of not less than one hundred (100) centimeters being determined by elongating a briquette Dow form of said paving asphalt at uniform rate of five (5) centimeters per minute at a temperature of seventy-seven (77) degrees Fahrenheit.

The paving asphalt and mineral aggregate shall be mixed when heated between three hundred (300) and three hundred fifty (350) degrees Fahrenheit in an approved mixer to produce a homogenous mixture in which all particles of aggregate are coated uniformly. The heated mixture shall be delivered to the pavement in trucks with approved clean tight dump bodies. The temperature when delivered at the street shall be between two hundred fifty (250) and three hundred fifty (350) degrees Fahrenheit. Upon arrival the asphaltic mixture shall be spread upon the prepared base at a uniform depth and consistency so that the thickness when compacted as herein described will be two (2) inches.

Immediately after the asphalt surface course shall be spread it shall be compacted thoroughly and uniformly with a three (3) wheel roller or a tandem roller. The asphalt paving mix shall be dumped first upon approved steel dump pans outside of the area on which it is to be spread. Immediately thereafter it shall be distributed into place with shovels and spread with rakes in layers of uniform density and correct depth, unless a spreading machine is used. If a spreading machine is used it shall be of a type approved by the Board of Local Improvements. Immediately after the surface course mixture is placed it shall be compacted thoroughly with a three-wheel roller or a tandem roller. One (1) or more three-wheel rollers and one (1) or more tandem rollers will be required. The actual number of such rollers to be determined by the Engineer in accordance with the progress of the work. If the production of the asphalt plant delivered to the pavement exceeds seventy-five (75) tons per hour additional rollers shall be furnished as directed by said Engineer. After a final rolling the asphalt surface course shall at all points have a density of not less than ninety-five (95) per cent of the maximum possible density of a voidless pavement composed of the same materials in like proportions.

IV-2. POZZOLANIC BASE COURSE.

On the subgrade as formed and compacted shall be placed and compacted to the depth shown on the plans and as herein provided.

(a) The pozzolanic base course shall be constructed in layers not more than six (6) inches (compacted) in thickness. When the thickness specified is more than six (6) inches the base course shall be constructed in two (2) or more approximately equal layers. Where the base must be constructed in more than one layer, the previous layer shall be maintained in a moistened condition until the succeeding layer is placed. After having been tested for density and approved by the Engineer, the previous layer shall be raked to a depth of one (1) inch and dampened with water immediately prior to placing the succeeding layer so that the layers are in it together. The second layer must be placed the same way as the first layer. The Engineer of the Board of Local Improvements shall determine when the base course shall be constructed in one or more lifts. When placed, the pozzolanic mixture shall be free from segregation and shall require minimum blanding and manipulation. Immediately after placing the mixture shall be compacted with a pneumatic-tired roller, or with a vibratory compactor, or with a combination of the two. The base course, shall be given a final rolling with a three wheel or tandem roller. If the pozzolanic base is placed on gradual sub-base, the pozzolanic base shall be compacted to at least 100% of maximum density except that if more than one layer is required the first layer shall be compacted to 97% of maximum density and succeeding layers shall be compacted to 100% of maximum density.

(b) All pozzolanic mixture shall be placed and compacted the same day as it is mixed. The entire base course within the increment of work shall be completed within 24 hours.

The lime, when sampled, shall immediately be placed in a sealed container and shall be kept sealed. Samples shall be furnished at least 45 days prior to the construction of the pozzolanic base course. The samples submitted will be tested for acceptance of materials and also to determine whether or not they will produce a satisfactory mixture; and will be used to determine preliminary proportions for the mixture composition.

IV-4. COMPOSITION OF MIXTURE.

(a) The lime, pozzolan and aggregate shall be proportioned within the following limits on a dry-weight basis:

	PERCENT BY WEIGHT OF TOTAL DRY MIXTURE	
Ingredient	*Gravel, Crushed Stone Crushed Slag or Aggregate Blend*	*Boiler Slag*

Aggregate	79-90	56-78

(b) The actual proportions of lime, pozzolan, water and aggregate will be set by the Engineer before work begins and will be based on tests conducted on mixtures composed of samples of the constituent materials furnished by the Contractor. The right is reserved by the Engineer to make such changes in proportions during the progress of the work as he may consider necessary.

(c) The composition of the mixture shall be such that when molded into cylinders, cured and tested as stated in the following paragraph, each cylinder shall have a minimum compressive strength of 450 psi and a maximum weight loss of 14% after 12 cycles of freezing and thawing.

(d) Test cylinders shall be molded at the optimum moisture content and maximum density in accordance with AASHO Designation T-180, Method C, except that the 5 lift requirement is replaced with 3 lifts and no replacement of coarse aggregate (¾ inch sieve) is made. The molded specimens shall immediately be placed in an oven with forced air circulation for 7 days at 100-3 F. At the end of 7 days, the test cylinders for compressive strength testing shall be removed from the containers, allowed to cool to room temperature, soaked for four hours capped and broken for compressive strength within one hour of time of removal from water. The specimens to be tested for freeze-thaw resistance shall be cured in the same manner as the strength specimens without the 4 hour soaking period. After curing the specimens shall be subjected to 12 cycles of freezing and thawing in accordance with AASHO Designation D-560, Sections 5, 9 and 10 pertaining to specimen No. 2 (weight loss specimen).

The contractor shall provide a platform scale and make arrangements for the use of a certified truck scale of sufficient capacity for calibration and periodic check tests of the feeders or measuring devices as needed during production.

(c) The mixer shall be capable of producing a uniform mixture. Mixing operations shall be continued until all ingredients are distributed evenly throughout the mixture and a uniform mixture, free of segregation, is obtained. The engineer shall be the sole judge of the adequacy of mixing. The mixer shall be capable of discharging the mixture without undue segregation. The moisture content at the time of mixing shall be such that the moisture content at the time of compaction will be within 85 to 110 percent of the optimum moisture determined.

IV-6. PRIME COAT.

The Engineer may make such changes in proportions during the progress of the work as he may consider necessary.

(e) *Samples and Tests:*

A ½ gallon sample of the bituminous aggregate mixture for each 5000 tons produced, shall be taken by the Engineer for extraction tests. A minimum of three samples shall be submitted. The sample shall be a composite sample taken from at least five (5) trucks. A one (1) quart sample of the bituminous material being used shall be taken by the Engineer at the same time the bituminous aggregate mixture sample is taken. The sample submitted to the Engineer when mixed with the designated grade of asphalt shall produce a satisfactory bituminous mixture that will have a strength of at least 100 pounds greater than the minimum requirements shown on the plans. If the material will not produce a satisfactory mixture meeting this requirement, the Contractor shall submit a material that will comply. If the aggregate furnished for design purposes contains some crushed material, the Contractor shall submit with the sample a statement giving the percentage of plus No. 4 material that is crushed. Throughout the improvement this percentage shall be maintained within a minus 5 percentage points of this amount.

(g) The mix to be used shall be prepared as required by the appropriate state specification.

The density of each of the finished layers of bituminous mixes shall be obtained from specimens furnished by the Contractor. Specimens shall be cut by the Contractor from the finished layer with a core drill. The diameter of a specimen shall in no case be less than 3⅞ inches nor more than 4 inches. Four specimens shall be taken for each day's run for each layer. When directed by the Engineer, additional specimens shall be taken, but the total number from one day's run shall not exceed 20. This contract entered into this ..... day of ....., A.D., 1973, between the Department of Public Health, State of Illinois, hereinafter known as the Department, and the Board of Health of the City of Chicago, hereinafter known as the Board of Health.

WITNESSETH:

Whereas, the 1973 amendments to the Social Security Act provide authorization in Section 509, of Title V for project grants for comprehensive child health services including medical care for children and youth to be administered by the United State Department of Health, Education and Welfare; and

Whereas, the purpose of this Federal legislation is to fund programs which offer reasonable assurance of satisfactorily promoting the health of children and youths of school or preschool age; and particularly in areas with concentrations of low-income families; and

Whereas, the Department is responsible to the Maternal and Child Health Service of the United States Department of Health, Education and Welfare for the general supervision of this program in accordance with an approved plan and amendments thereto, and funds for the support of this program are made available to the Department by the Maternal and Child Health Service.

It is mutually agreed by and between the parties hereto that:

1. The Plan, including both narrative and budget, for the Children and Youth Project in the City of Chicago, approved by the Maternal and Child Health Service and all amendments to said Children and Youth Project Plan for the fiscal year ....., 1973 through June 30, 1974, are made a part of this contract.

2. The Board of Health will carry out the program for the care of children and youth in accordance with this Plan and all amendments thereto.

4. All proposed changes in the approved plan and budget shall be submitted in writing to the Department prior to implementation with the exception of changes of less than 25% or $1,000, whichever is greater, in any one budgeted line item. The Board of Health will notify the Department as soon as practicable in writing of those changes excepted above.

5. The Board of Health will staff this project in accordance with the approved budget. Active recruitment of a full time project director will be immediately undertaken until that position is filled. If this position subsequently is to become vacant for any reason, the Board of Health will commence active recruitment to fill this position immediately.

7. Funds currently on deposit with the Board of Health in the amount of $483,330.00 advanced out of funds allocated to the support of the Children and Youth Project will remain on deposit subject to the availability of Federal funds and any changes directed by the Maternal and Child Health Service. These funds will be used as a revolving fund out of which expenditures may be made for the Children and Youth Project. The Board of Health will return to the Department the balance remaining in the revolving fund at the conclusion of the fiscal year in which the Children and Youth Project is terminated, provided that such funds have not previously been returned to the Department in accordance with directions of the Maternal and Child Health Service.

Provided, however, that Landlord may elect, at its sole option, not to repair or reconstruct the premises or the building, of which the premises are a part, and upon written notice of such election from Landlord to Tenant the obligation of Tenant to pay rent shall cease and this agreement shall thereupon terminate.

Article IX

Landlord hereby grants to Tenant the right of access and ingress to and egress from the premises by Tenant and its employees, contractors, suppliers, servicemen, sublessees, guests, patrons, and invitees provided, that such rights of access, ingress and egress, are at all times exercised in conformance with the further provisions of this agreement and any and all regulations promulgated by Landlord or the Director, or other lawful authority, for the care, operation, maintenance and protection of the Pier and the public.

Operations to be conducted by the Tenant under this agreement shall be done at the sole expense of the Tenant and shall be subject to general inspection by the Landlord to insure a continuing quality of services commensurate with the standards provided for in this agreement and to such other provisions of related agreements as may be pertinent as entered into between Landlord and others governing the use of and operations at the Pier.

Tenant does further covenant, promise and agree that said Tenant will not employ any person or persons in or about the premises or on the Pier who shall be objectionable to the Director and if such persons shall be employed by Tenant, he, she, or they, shall be removed upon request of said Director.

Tenant agrees to use its best efforts in every proper manner to maintain and develop the business conducted by it under this agreement and increase same and not to divert or cause, or allow, to be diverted, any business from Pier.

Article X

This agreement shall not and will not, nor shall any copy thereof, or any statement, paper or affidavit, in any way or manner referring hereto be filed in the office of the Recorder of Deeds of Cook County, Illinois, or in any other public office, by Tenant or anyone acting for Tenant and that if the same be so filed, this agreement and each and every provision hereof shall, at the option of Landlord, be and become absolutely null and void and Landlord may declare such filing a breach of this agreement.

Article XI

If Tenant shall vacate or abandon the premises, or any part thereof, or permit the same to remain vacant or unoccupied, or in case of the non-payment of the rent and charges reserved hereby, or any part thereof, or of the breach of any covenant in this agreement contained, Tenant's right to the possession of the premises thereupon shall terminate with or without any notice or demand whatsoever, and the mere retention of possession thereafter by Tenant, shall constitute a forcible detainer of said premises, and if the Landlord so elects, but not otherwise, this agreement shall thereupon terminate and upon the termination of Tenant's right of possession, as aforesaid, whether this agreement be terminated or not, Tenant agrees to surrender possession of the premises immediately, without the receipt of any demand for rent, notice to quit or demand for possession of the premises whatsoever, and Tenant hereby grants to Landlord full and free license to enter into and upon said premises, or any part thereof, to take possession thereof without process of law and to expel and remove Tenant, or any other person who may be occupying the premises, or any part thereof and Landlord may use such force in and about expelling and removing Tenant and said other person as may reasonably be necessary and Landlord may repossess itself of the said premises as of its former state, but said entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue hereof, nor a waiver of any covenant, agreement or promise in said agreement contained, to be performed by Tenant.

Tenant hereby waives all notice of any election made by Landlord under this agreement, demand for rent, notice to quit, demand for possession and any and all notices and demands whatsoever, of any and every nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to Landlord and Tenant, or any other statute or by the common law during the terms of this agreement. The acceptance of rent, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of Landlord's right to act without notice or demand or of any other right hereby given Landlord, or as an election not to proceed under the provisions of this agreement.

If default be made in the payment of the rent, or other charges herein reserved, or of any installment thereof, as herein provided, Tenant does hereby irrevocably constitute any attorney of any Court of Record in this State, attorney for it and in its name, from time to time, to waive the issuance of process and service thereof, to waive trial by jury, to confess judgment in favor of Landlord and against Tenant for the amount of rent which may be then due, by virtue of the terms hereof, or of any extensions or renewals hereof, or by virtue of any holdover after the termination hereof, and which may be in default, as aforesaid, together

with the costs of such proceedings and for said purposes to file in said cause his cognovit thereof, and to make an agreement in said cognovit, or elsewhere, waiving and releasing all errors which may intervene in any such proceeding and waiving and releasing all right of appeal and right to writ of error, and consenting to an immediate execution upon such judgment, and Tenant hereby confirms all that said attorney may lawfully do by virtue hereof. Landlord shall have a first lien on Tenant's interest hereunder, and on Tenant's property now or hereafter located in said premises, or elsewhere, to secure the payment of all moneys due hereunder, which lien may be foreclosed in equity and in case of any such foreclosure proceeding, a receiver shall be appointed to take possession of said premises and property and relet the premises under order of court.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof, or during any extension thereof, shall not be deemed to be waived, released or terminated, nor shall the right and power to confess judgment given in the preceding paragraph hereof be deemed to be waived or terminated by the service of any five-day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment, or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the premises. The Landlord may collect and receive any rent due from Tenant and payment or receipts thereof shall not waive or affect any such notice, demand, suit or judgment or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

Tenant shall pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by Landlord in enforcing the covenants and agreements of this agreement, whether by the institution of litigation or in the taking advice of counsel, or otherwise.

The rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

Article XII

Tenant shall observe and comply with all laws, ordinances, rules and regulations of the United States Government, State of Illinois, County of Cook, City of Chicago and all agencies thereof which may be applicable to its operations or to the operation, management, maintenance or administration of the Pier, now in effect or hereafter promulgated.

Article XIII

Tenant, upon performing the covenants, conditions and agreements herein contained, shall and may peacefully have, hold and enjoy the premises and privileges hereinafter granted.

Article XIV

Landlord may furnish security service, heat, sanitary facilities and utilities as designated at outlets and at points as shown on attachment hereto. Tenant shall pay any and all charges and costs therefor whether or not metered or billed directly from Landlord upon estimates of such costs made solely by Landlord.

Article XV

To insure faithful performance of the covenants, conditions and agreements herein contained, Tenant, at the expense of Tenant shall, before exercising any rights or privileges accorded hereunder, furnish a bond in form, kind and amount as determined and directed solely by the Comptroller for incorporation within this agreement as attachment thereto.

Article XVI

Tenant, in performing under this contract, shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, religion, age, sex or national origin, nor otherwise commit an unfair employment practice. Tenant will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, religion, age, sex or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Tenant agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this non-discrimination clause. North Water Street west of and adjoining the west line of N. Michigan Avenue, twelve (12) feet in width, one story in height and used for the purpose of connecting the third floor of the building constructed on both sides of E. North Water Street west of and adjoining N. The grantee shall grant to the City of Chicago permission and authority to use and occupy as part of the upper level of N. The location of said covered bridge or passageway shall be shown on sketch hereto attached, which by reference is made a part of this ordinance. Said covered bridge or passageway shall be maintained and used in accordance with the ordinances of the City of Chicago and the directions of the Commissioner of Streets and Sanitation. The grantee and the surety, to the extent of its bond, upon receiving written notification from the Commissioner of Streets and Sanitation of the cost shall pay said amount. The decision of the Commissioner of Streets and Sanitation shall be final and binding.

SPECIAL COMMITTEE.

Action Deferred—ON PROPOSED ORDINANCE FOR APPROVAL AND ADOPTION OF POLICIES CONTAINED IN LAKEFRONT PLAN OF CHICAGO, ETC.

The Special Committee, composed jointly of the members of the Committee on Environmental Control and the Committee on Buildings and Zoning, submitted the following report, which was, at the request of two aldermen present (Alderman Bilandic and Alderman Fitzpatrick) *Deferred* and ordered published:

CHICAGO, September 6, 1973.

To the President and Members of the City Council:

Your Special Committee, composed jointly of the Members of the Committee on Environmental Control and of the Committee on Buildings and Zoning, having had under consideration a proposed ordinance transmitted with a communication signed by Honorable Richard J. Daley, Mayor (which was referred on July 6, 1973, C.J. page 5850) to approve and adopt 14 policies contained in the Lakefront Plan of Chicago and to approve the balance of the Plan as an illustrative guide to future development along the lakefront, begs leave to recommend that your Honorable Body pass the said proposed ordinance, as amended by your committee, which is transmitted herewith.

This recommendation was concurred in by a unanimous vote of the members present.

Respectfully submitted,

(Signed) MICHAEL A. BILANDIC,
Chairman, Committee on Environmental Control.

(Signed) THOMAS F. FITZPATRICK,
Chairman, Committee on Buildings and Zoning.

The proposed ordinance, as amended, transmitted with the foregoing committee report reads as follows:

Whereas, The waters and environs of Lake Michigan are among the greatest natural assets of the City of Chicago; and

Whereas, Over the years the City administrations have made such great efforts to insure a pure and plentiful water supply as digging a 28-mile channel to reverse the flow of the Chicago River and creating the world-famous Metropolitan Sanitary District; and

Whereas, The City has developed by land-fill the 20-mile long stretches of beach and shoreline enjoyed to this day by millions of persons—residents and visitors; and

Whereas, Traditionally, Chicagoans have used their Lakefront for such myriad recreational pursuits as swimming, boating, water sports, picnicking, bicycling, horseback riding, scenic walks and rest; and

Whereas, No other Great Lake city has shown the same kind of concern or initiative to achieve, preserve, and develop its Lakefront potential for esthetic and recreational purposes; and

Whereas, The foregoing has been accomplished at the same time that the city's port facilities have been expanded to make it the world's largest inland port; and

Whereas, A comprehensive, short and long range plan for the preservation and improvement of this priceless heritage, The Lakefront Plan of Chicago, has been presented to the Chicago Plan Commission, the City Council, and the Commissioners of the Chicago Park District for consideration and adoption; and

Whereas, The people of the City of Chicago have a personal interest in preserving this incomparable asset and this concern has been demonstrated by every generation of its citizens; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

Section 1. The basic policies which shall govern present and future development programs for Chicago's lakefront are the following:

1) Complete the publicly owned and locally controlled park system along the entire Chicago lakefront.

2) Maintain and enhance the predominantly landscaped, spacious and continuous character of the lakeshore parks.

3) Continue to improve the water quality and ecological balance of Lake Michigan.

4) Preserve the cultural, historical, and recreational heritage of the lakeshore parks.

5) Maintain and improve the formal character and open water vista of Grant Park with no new above-ground structures permitted.

6) Increase the diversity of recreational opportunities while emphasizing lake-oriented leisure time activities.

7) Protect and develop natural lakeshore park and water areas for wildlife habitation.

8) Increase personal safety.

9) Design all lake edge and lake construction to prevent detrimental shoreline erosion.

10) Ensure a harmonious relationship between the lakeshore parks and the community edge, but in no instance will further private development be permitted east of Lake Shore Drive.

11) Improve access to the lakeshore parks and reduce through vehicular traffic on secondary park roads.

12) Strengthen the parkway characteristics of Lake Shore Drive and prohibit any roadway of expressway standards.

13) Ensure that all port, water supply, and public facilities are designed to enhance lakefront character.

14) Coordinate all public and private development within the water, park, and community zones.

Section 2. The Lakefront Plan of Chicago, dated December, 1972, is hereby accepted as an illustration to future development recognizing that specific development proposals will be separately considered for funding and separately evaluated for conformance to the basic policies for Chicago's lakefront.

Section 3. This ordinance shall take effect on and after ten days from the date of its due passage and publication.

WHEREAS, Patrolman Barron was recognized throughout the Chicago Police Department as an exceptional policeman, exercising that professionalism and devotion to duty which serves to regenerate, support and continue the high standards of the Chicago Police Department. The annals of bravery are enhanced by the fine police work accomplished by Patrolman Barron, who, along with his partner, responded to a robbery-in-progress call. The two policemen jumped from their car, identified themselves and shouted for the robber to stop. The robber shot at the police officers and fatally wounded Patrolman Barron. His brother, the Rev. Wayne Barron, associate chaplain of the St. Jude League, administered the Last Rites to Patrolman Barron at South Chicago Hospital; and

WHEREAS, Edward L. Barron had received five honorable mentions since joining the force three years ago; and

WHEREAS, Mr. Barron did not sacrifice his life in vain, but serves as an heroic example of all policemen who choose their careers with full knowledge

that their service might at any moment demand the supreme sacrifice; we are again impressed with a greater appreciation of the valor of our City's policemen, who are called upon routinely to face hazardous situations and circumstances similarly to that which took place involving Patrolman Barron; and

WHEREAS, The career of Edward L. Barron manifested a devotion to duty and a commitment to service of the highest degree; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 3rd day of October, A.D. 1973, hereby express their deep regret at the passing of Edward L. Barron and extend their heartfelt condolences to his family; and

WHEREAS, Judge Palmer was appointed a magistrate in 1964 and served until 1970 when that title was abolished by the new Illinois Constitution and he was appointed Associate Judge. He formerly was in private law practice from 1957 to 1964. He was a member of the Chicago, Illinois and American Bar Associations; and

WHEREAS, The dedicated efforts of Judge Burton Palmer in judicial service to the citizens of Chicago, Cook County and the State of Illinois, will long be remembered; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 3rd day of October, A.D. 1973, express their deep sorrow at the passing of Judge Burton Palmer, and their appreciation for his dedicated and untiring judicial service for the benefit of the people of Chicago, Cook County and the State of Illinois, and further express their sympathy to his wife, Francyne, his children, Jonathan and Tammy, and to all his family; and

Appreciation and Warmest Congratulations Extended to Chief Fire Marshal Curtis W. Volkamer Upon Retirement.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Chief Fire Marshal Curtis W. Volkamer retired from the Chicago Fire Department on September 1, 1973; and

WHEREAS, Chief Fire Marshal Volkamer was born and raised in Chicago. He began his distinguished career as a Chicago Firefighter with the Chicago Fire Department on August 27, 1935. He was appointed Fire Engineer on July 6, 1944; promoted to Lieutenant October 1, 1947; to Captain May 1, 1950; to Battalion Chief January 16, 1953; to Division Marshal January 1, 1959; and to Drillmaster in Charge of Training at the Chicago Fire Academy September 16, 1961. He was appointed 2nd Deputy Chief Fire Marshal February 16, 1963 and promoted to Chief Fire Marshal January 1, 1966, the position he held at the time of his retirement. Chief Fire Marshal Volkamer took the examinations for 2nd Deputy Fire Marshal, 1st Deputy Fire Marshal and Chief Fire Marshal at the same time and achieved the highest grades ever achieved by any applicant in the Chicago Fire Department's history in all three examinations; and

WHEREAS, Chief Fire Marshal Volkamer entered the United States Armed Services in 1943 and served overseas for two years in England, France, Belgium and Germany with the United States Army Corps of Engineers. He was decorated with the Purple Heart, the Bronze Star and Five Battle Stars. He is a member of Chicago's Firemen's Post No. 667 of the American Legion; and

WHEREAS, Chief Fire Marshal Volkamer personally led Chicago's firefighters in fighting fires and saving lives. He personally supervised the efforts to save lives in such tragic occurrences as the Illinois Central Railroad crash of October 1972, and the United Airlines plane crash of December 1972. His leadership and concern for the safety of the men he led was best exemplified by his decision to personally shut off a valve to petroleum tanks involved in a raging fire off of the Stevenson Expressway rather than endanger the life of any one of his men; and

WHEREAS, Chief Fire Marshal Volkamer was recognized not only in the United States but internationally as an outstanding Firefighter. He was a member of the Board of Trustees of the International Fire Administrative Institute. He was a member of the National Fire Protection Association. He was a member of the Executive Board of the Metropolitan Committee of the International Association of Fire Chiefs. In 1972 he served as President of the International Fire Chiefs Association. He was also Ex Officio Trustee of the Firemen's Annuity and Benefit Fund of Chicago. He was a much sought after speaker on firefighting

topics and addressed groups not only in the United States but in Australia, New Zealand and Greece. He developed training manuals for the Chicago Fire Department which are still in use and considered among the best in the field. He has had numerous articles published in firefighting magazines, including Fire Engineering, Fire Chief, Fire Command and Fire Journal. During his tenure as Chief Fire Marshal, Chicago was the only city of its size to achieve the coveted No. 2 rating from the Fire Insurance Industry, a rating it continues to hold; and

WHEREAS, The City of Chicago and its residents are deeply indebted to and grateful for the 33 years of dedicated loyal service given by Chief Fire Marshal Curtis W. Volkamer which has contributed so much to the safety of the City of Chicago and its people; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago in meeting assembled this 3rd day of October, A.D. 1973, express on behalf of themselves and the people of Chicago their appreciation and thanks to Chief Fire Marshal Curtis W. Volkamer for his years of dedicated service as a Chicago Firefighter and extend on this occasion of his retirement their warmest congratulations and good wishes to him and to his wife Matilda for many years of happy and satisfying retirement; and

Action Deferred—ON PROPOSED ORDINANCE AUTHORIZING BOND ISSUE FOR DESIGNING, CONSTRUCTING AND EQUIPPING SOLID WASTE PROCESSING PLANT.

The Committee on Finance submitted the following report, which was, at the request of two aldermen present (Alderman Simon and Alderman Singer) *Deferred* and ordered published:

CHICAGO, October 1, 1973.

To the President and Members of the City Council:

Your Committee on Finance, having given consideration to a proposed Bond Ordinance submitted to the City Council on 9-11-73 by Richard J. Daley, Mayor, City of Chicago, concerning the design, construction, and equipping of a solid waste processing plant, found said solid waste processing plant to be a necessary and desirable facility. The Committee on Finance found after the testimony of witnesses that the issuance of $14,000,000.00 of City of Chicago General Obligation Bonds for said solid waste processing plant to be in the public interest.

The Committee on Finance then, by roll call, recommended to the City Council the adoption of an Ordinance authorizing the City Comptroller to advertise for sale $14,000,000.00 of City of Chicago

General Obligation Bonds; a copy of said roll call is attached hereto and made a part of this Report as follows:

The proposed ordinance transmitted with the foregoing committee report reads as follows:

Whereas, The Mayor, at the request of the Commissioner of Streets and Sanitation, transmitted to the City Council on September 11, 1973 an ordinance authorizing a bond issue in the amount of $14,000,000 for the purpose of designing, constructing and equipping a solid waste processing plant; and

Whereas, The same was referred to the Finance Committee and a public hearing was held on October 1, 1973 pursuant to Chapter 7, Section 59 of the Municipal Code of Chicago; and

Whereas, The Commissioner of Streets and Sanitation and the Acting Commissioner of Public Works have given testimony describing the solid waste processing plant; the necessity for additional refuse disposal facilities; the desirability of utilizing new technologies in solid waste disposal; the contemplated reduction in disposal costs emanating from a refuse shredding technique; the anticipated costs of such a facility; its location and contemplated construction and completion schedule, as well as the necessity and desirability for constructing such a facility to protect the public health and welfare. They further testified that the estimated cost of such a facility was $14,000,000; and

Whereas, The City Council concurs in and finds that a project for the design, construction and equipping of a solid waste processing plant is in the public interest; that $14,000,000 is a reasonable and justifiable expenditure for such a facility and that this capital improvement should be financed by means of general obligation bonds issued under the City of Chicago's constitutional authority and pursuant to Chapter 7, Section 58, et seq. of the Municipal Code of Chicago; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

Section 1. The City Comptroller is authorized and directed to advertise for the sale of $14,000,000 City of Chicago General Obligation Bonds with maturities as set forth in the bond ordinance referred to in the preamble hereof, to be dated as of the date set forth in the Notice of Sale of said bonds to be given by the Comptroller, and said bonds to be issued for the purpose of designing, constructing and equipping a solid waste processing plant.

Section 2. The Comptroller's advertisement soliciting bids shall affirmatively state that the bonds will be awarded to the successful bidder on the basis of the lowest interest cost to the City and that the City shall have the right to hold the lowest (best) bid received for a period of time not to exceed 48 hours.

Section 3. The Comptroller's advertisement soliciting bids shall inform prospective bidders that the bid opening will take place in the office of the City Comptroller and the Comptroller shall take the necessary steps to state that the date of bid opening shall be on a day of a regular meeting of the City Council.

Section 4. This ordinance shall become effective immediately upon its passage.

Without limiting the generality of the foregoing, Lessee shall not use or keep gasoline in any form upon the demised premises, except such as may be in the tanks of automotive equipment, or bring upon, store or allow to be stored upon the demised premises any materials of a dangerous or highly flammable nature or of such nature as to cause an extra fire risk or hazard, unless otherwise specifically provided herein.

INDEMNIFICATION 10. Lessee will be responsible for and will indemnify, save harmless and defend Lessor against and from any and all claims and suits for, and any and all liability, loss or expense arising from or incidental to or in connection with, damage to or loss of property of Lessor, Lessee, or of agents, servants or employees of either, or of any other person, and against and from any and all claims and suits for, and any and all liability, loss or expense arising from or incidental to or in connection with, injury to or death of persons, including agents, servants, or employees of Lessor or of Lessee, or any other person (including Lessee if a natural person), which said damage, loss, injury or death shall arise in any manner, directly or indirectly, out of or incidental to or in connection with, this lease or the demised premises, or the use or occupation thereof, including any appurtenant sidewalks or driveways.

Lessee specifically agrees to relieve Lessor of any and all liability for damage to contents of the demised premises owned by or in the custody of Lessee, or improvements therein owned by Lessee, whether damaged by fire and extended coverage perils or other casualty.

~~**INSURANCE** 11. Lessee shall provide and maintain in effect during the term and any continued term of this lease, a policy of public liability insurance, including~~ contractual liability covering liability assumed by Lessee under the provisions of the foregoing Section 10 of Lessee's covenants herein. Said insurance shall be in limits of not less than $ bodily injury and $ property damage, and shall be in companies and form acceptable to Lessor.

Lessee, if requested by Lessor at any time or times, shall provide and maintain in effect during the term and any continued term hereof, fire and extended coverage insurance on any and all structures and improvements of Lessor on the demised premises, protecting Lessor in limits, companies and form acceptable to Lessor; and Lessee shall also provide and maintain in effect during the term and any continued term hereof, coverage against such other hazards as Lessor may from time to time require.

Policy or policies of fire, extended coverage or other insurance on property of Lessee or in Lessee's care and custody shall contain a waiver of subrogation against Lessor.

Lessee shall furnish to Lessor complete copies of all such insurance policies with evidence of payment of premiums therefor upon request of Lessor. All such policies shall be endorsed to provide not less than ten (10) days' notice to Lessor of any cancellation thereof and of any material change in coverage.

The providing of said insurance coverages shall not be deemed a limitation on the liability of Lessee as provided in this lease, but shall be additional security therefor.

PAYMENT IN LIEU OF INSURANCE 12. Lessee, may in lieu of providing insurance herein required, pay to Lessor the annual sum of $, whereupon the first paragraph of Section 10 of this lease shall have no application insofar as Lessee's obligation to indemnify and defend Lessor is concerned. Notwithstanding anything herein to the contrary, however, payment of said annual sum shall not relieve Lessee of loss or damage for which Lessee is held liable, nor shall it waive in any way the conditions of the second paragraph of Section 10 of this lease or the third paragraph of Section 11 of this lease.

ALTERATIONS 13. Lessee shall not make any alterations, additions or improvements on or to the demised premises without the prior written consent of Lessor, and all alterations, additions or improvements which may be made by either Lessor or Lessee upon the demised premises, unless herein otherwise provided, and except the personal property of Lessee as defined in Section 3 of Lessee's covenants herein, shall be property of Lessor and shall remain upon and be surrendered with the demised premises as part thereof at expiration or other termination of this lease without disturbance, molestation or injury.

RESPONSIBILITY OF LESSEE TO ITS EMPLOYEES 14. Lessee, in the performance of any and all work by Lessee under the terms of this lease or otherwise, upon or adjacent to the demised premises, will furnish all labor and supervisory forces of every kind and Lessee shall employ, pay from Lessee's own funds and have the right to discharge all persons engaged in the performance of such work and all such persons shall be and remain the sole employees of Lessee and subject to Lessee's exclusive supervision, direction and control.

LIENS AND CHARGES 15. Lessee, within sixty (60) days after completion of any construction, alteration, repair or improvement in or upon the demised premises, shall furnish to Lessor a certified statement that all charges for labor and materials furnished have been paid, together with releases of liens.

The creation or imposition of any lien or charge upon the demised premises through acts or omissions of Lessee, its agents, contractors or sub-contractors, shall be deemed a default under the provisions of this lease.

In the event any such lien or charge shall not be paid or bonded by Lessee within fifteen (15) days after the lien or charge accrues, Lessor shall have the right to pay such lien or charge and Lessee shall repay the cost to Lessor, as additional rent hereunder, with interest at six percent (6%) per annum from the date of payment by Lessor, promptly upon rendition of bill therefor. Nothing in this paragraph or in any other paragraph of this lease shall be construed as authority to Lessee to create any lien on the Lessor's interest in the demised premises.

UTILITIES 16. Lessee, at its sole cost and expense, shall arrange for and obtain necessary heat, water, electricity and other utility services required for its use. In the event it is impossible or impracticable to secure any of such services other than through facilities owned by Lessor, Lessee shall install at its expense necessary connections, supply lines and (where permitted by law) meters to measure Lessee's consumption of such services and shall pay to Lessor upon demand, as additional rent, any costs incurred by Lessor for any such installation and, further, shall pay for such services, upon demand, as additional rent, at reasonable rates as determined by Lessor. Lessor shall not be liable for any temporary suspension of any such services.

IT IS HEREBY MUTUALLY COVENANTED AND AGREED THAT:

REMOVAL I. Upon the expiration of the term or any continued term hereof, or upon any other termination of this lease for reasons other than default on the part of Lessee, Lessee, at Lessee's sole cost and expense, shall remove from the demised premises any materials, buildings and structures, including foundations, not owned by Lessor, and all waste, rubbish and debris; fill in all holes and depressions; level off the surface of the land; and restore the demised premises to as good condition as they were in before such property was erected or placed thereon; and all such work of removal and restoration shall be completed on or before the expiration or other termination of this lease. Should Lessee fail, neglect or refuse to so remove such property and make the aforesaid restoration, then and in such event Lessor shall have the following rights, which are hereby expressly given it, viz.: to remove such property and to make the aforesaid restoration, all at the expense of Lessee, which expense Lessee hereby expressly agrees to pay promptly upon demand, or to sell any of such property and retain the proceeds of such sale and to deliver such property to the purchaser or purchasers thereof free and clear of any right, title or interest therein of Lessee or of any person or corporation claiming through or under Lessee and without any liability whatsoever to Lessee or to any other person or corporation; or, if Lessor so elects, in lieu of such sale or removal of any of such property, Lessor may retain and use the same for any purpose whatsoever free and clear of any right, title or interest therein of Lessee or of any person or corporation claiming through or under Lessee and without any liability whatsoever to Lessee or to any other person or corporation.

FIRE AND DAMAGE II. In case any building of Lessor on the demised premises shall be partially damaged by fire or any other casualty but not rendered untenantable thereby, the same shall be repaired by Lessee promptly upon receiving Lessor's approval of estimated costs furnished by Lessee for restoration of the demised premises to their former condition; and Lessor will reimburse Lessee to the extent of any insurance proceeds received by Lessor but not, however, to exceed the cost to Lessee of the repairs as made.

In case any such damage shall be so extensive as to completely destroy such building or render it untenantable and the demised premises without the use of such building are substantially useless to Lessee, then the rent shall be apportioned up to the time of such damage and such building shall be rebuilt or put in repair by Lessor, but Lessor may elect not to rebuild or repair such building and may retain all insurance proceeds; and upon being notified by Lessor that Lessor elects not to rebuild or repair, Lessee shall have the option to surrender this lease and thereupon this lease shall cease, terminate and come to an end. If Lessor elects to rebuild or repair such building, Lessee shall be under no obligation to pay rent until such time as rebuilding or repairing is completed to an extent making such building tenantable.

The provisions of the foregoing two (2) paragraphs of this Section II shall be operative only if such damage or destruction was not caused by carelessness, negligence or improper conduct of Lessee or of agents, servants or employees of Lessee. If such damage or destruction is caused by carelessness, negligence or improper conduct of Lessee or of agents, servants or employees of Lessee, this lease shall continue in full force and effect and Lessee shall continue to pay the rent reserved without diminution, reduction or abatement and Lessee shall have no option to surrender this lease. In such case Lessee shall promptly repair or rebuild such building and restore the demised premises to their former condition, but Lessor will reimburse Lessee to the extentof proceeds received by Lessor from insurance paid for by Lessee, but not to exceed the cost to Lessee of the repairs as made.

For purposes of this Section II, the word "building" shall be read in plural where there is more than one building on the demised premises and for purposes of this paragraph the word "building" shall be construed as including any and all improvements now or hereafter constructed or placed upon the demised premises by Lessor. If any improvements made by Lessee shall be damaged or destroyed by fire or other casualty, there shall be no abatement or diminution of rent or additional rents.

and Lessee or Lessor

TERMINATION III. Lessor shall have the right to terminate this lease at any time during the term or any continued term hereof by giving to Lessee at least thirty (30) days' written notice of intention to terminate this lease and upon the date of termination specified in such notice this lease shall cease, terminate and come to an end. In the event of the expiration or termination of this lease, whether under the provisions of this Section III or otherwise, Lessee shall quit and deliver possession of the demised premises to Lessor on or before such date of expiration or termination.

TERMINATION IN EVENT OF CONDEMNATION IV. If the whole or any substantial part of the demised premises shall be acquired or condemned by eminent domain for any public or quasi-public use or purpose then in that event the term of this lease shall cease from the date of title vesting in such proceeding and Lessee shall have no claim for the value of any unexpired term of the lease.

HOLDOVER CLAUSE V. If Lessee, with consent of Lessor, holds over and remains in possession of demised premises after expiration of said term, this lease shall be considered as renewed, and shall continue in effect from month to month upon the same terms and conditions as are herein contained, until terminated by Lessor by giving to Lessee at least thirty (30) days' written notice of intention to terminate same, in the manner herein provided and with like effect. In case Lessee without written consent of Lessor vacates demised premises before expiration of said term, full rent for the current term shall then and thereupon become at once due and payable as if originally so provided herein as liquidated damage and not as a penalty.

~~**AMICABLE ACTION, IN EJECTMENT, ETC. (TO BE DELETED IN LEASES IN ALL STATES BUT PENNSYLVANIA)**~~ ~~VI. If default shall be made in Lessee's covenants herein to pay rent or additional rents, or if default shall be made in any other~~ covenants and agreements herein contained on the part of Lessee to be kept or performed, and if any such default shall not be cured within thirty (30) days after Lessee has been given written notice by Lessor to do so, or if the demised premises shall not be used by Lessee for the purposes herein authorized for a period of more than thirty (30) days, or if the demised premises shall at any time be used for purposes other than as herein permitted, or if Lessee shall file or suffer to be filed against it a petition in bankruptcy, or if Lessee shall be declared bankrupt or insolvent according to law, or if a receiver or trustee be appointed for the property of Lessee, or if Lessee shall make a general assignment for the benefit of creditors, then in any of such cases, this lease may, at the option of Lessor, forthwith be terminated by Lessor without any right on the part of Lessee or those claiming under Lessee to save the forfeiture by payment of rent or additional rents due or by performance of the other covenants, terms and conditions thus violated; and thereupon any attorney, as attorney for Lessee, at the request of Lessor, immediately thereafter may sign an agreement for entering in any competent court an amicable action and judgment in ejectment to any term then past or present (without any stay of execution or appeal) against Lessee and all persons claiming under Lessee for recovery by Lessor of possession of the demised premises and also may sign and confess judgment for all arrearages of rent or additional rents, damages, costs and charges payable by Lessee, if any without any liability on the part of said attorney, for which this shall be a sufficient warrant; and thereupon a writ of possession with a clause of execution for such arrearages of rent, or additional rents, damages, costs and charges payable by Lessee, if any, and the costs according to law, as in cases of ejectment, may issue forthwith without any prior writ or proceeding whatsoever and so from time to time as often as any breach by Lessee of any of the covenants, terms and conditions of this lease shall occur; and Lessee hereby releases to Lessor all errors and defects whatsoever in entering such action or judgment, or causing such writ of possession to be issued, or in any proceeding thereon or concerning the same, and hereby agrees that no writ of error or objection or exception shall be made or taken thereto; and a copy of this lease, with any modification thereof, being filed in said action, it shall not be necessary to file the original as a warrant of attorney, any law or rule of court to the contrary notwithstanding. No such termination of this lease, nor taking or recovering possession of the demised premises shall deprive Lessor of any other action against Lessee for possession, for rent or additional rents or for damages, costs and charges as herein provided, nor shall any distress or suit for rent or additional rents or damages prevent Lessor from proceeding to recover possession on any breach by Lessee of any of the covenants, terms or conditions hereof and Lessor shall have the further right in the event of any subsequent default or defaults to bring one or more further amicable actions in the manner as hereinbefore set forth to recover possession of the demised premises for such subsequent default.

REFUND VII. In the event of termination of this lease by Lessor for any cause other than default or failure to comply with the terms of this lease by Lessee and if rent shall have been paid by Lessee in advance to a day subsequent to the date of such termination of this lease, then Lessor shall refund and repay to Lessee and Lessee shall receive and accept as full payment for all loss, damages and demands occasioned by such termination of this lease, the apportioned amount of rent so paid by Lessee in advance for that portion of the term or continued term so avoided, except that no refund will be made of any amount less than Ten Dollars ($10.00). Lessee shall remain liable for the payment of real estate taxes and other charges assessed or imposed upon Lessee's buildings or improvements or in connection therewith which may have accrued to date of such termination, and other taxes and assessments which Lessee is obligated to pay as additional rent hereunder shall be prorated to the date of termination.

Lessor shall not be obligated to reimburse Lessee for any expenditure by Lessee for construction of improvements, or for alterations, on or to the demised premises and Lessee hereby expressly waives any claim against Lessor for such reimbursement.

SUBORDINATION VIII. This lease is subject and subordinate to all ground or underlying leases and to all mortgages which may now or hereafter affect such leases or the real property of which the demised premises form a part, and to all renewals, modifications, consolidations, replacements and extensions thereof. This clause shall be self-operative and no further instrument of subordination shall be required by any mortgagee; however, in confirmation of such subordination, Lessee shall execute promptly any certificate to that effect upon request by Lessor. Lessee hereby constitutes and appoints Lessor as Lessee's attorney-in-fact to execute any such certificate or certificates for and on behalf of Lessee.

INABILITY TO PERFORM IX. This lease and obligation of Lessee to pay rent or additional rents hereunder and to keep and perform all other covenants and agreements hereunder on part of Lessee to be kept or performed shall in no wise be affected, impaired or excused because Lessor is unable to fulfill any of its obligations under this lease, or is unable to supply, or because Lessor is delayed in supplying, any service expressly or impliedly to be supplied by Lessor, or is unable to perform, or because Lessor is delayed in performing, any work or service for which it is liable hereunder, if Lessor is prevented or delayed from so doing by reason of labor troubles or any outside cause beyond control of Lessor including, but not limited to, governmental action or preemption, act of God, war or civil commotion.

LOSS OR DAMAGE TO PERSON OR PROPERTY X. Lessor shall not be liable to Lessee for any loss, injury or damage which may happen to the person (if Lessee is a natural person) or property of Lessee, of Lessee's employees or of persons claiming under Lessee, while on or about the demised premises, caused by theft, fire, or by the handling of electrical installations, or by accident to or breakage of any of the machinery, piping or plumbing, fixtures or other appurtenances connected with any building upon the demised premises, or by water, rain or snow which may leak into, issue or overflow from any part of any such building.

DEFAULT REMEDIES XI. The actions and remedies provided in this lease in case of default shall not be deemed exclusive but shall be in addition to all other actions and remedies at law or in equity in case of any such default; and no action or remedy taken or omitted by Lessor in case of default shall be deemed a waiver of such default and waiver of a particular default shall not be deemed a waiver of any other default or a waiver of the same default again occurring, nor shall any failure on the part of Lessor to compel a fulfillment of any one or more of the covenants, terms and conditions herein contained be held to be a waiver of its right to enforce the same at any time thereafter during the term or any continued term of this lease.

NOTICES XII. Notices given under the terms of this lease shall be deemed sufficiently served if, in the case of notice to Lessee, such notice is mailed to Lessee by certified or registered United States Mail, or is delivered personally to Lessee, at Lessee's address set forth on the first page hereof, or at such other place as Lessee may from time to time designate in writing to Lessor, or if such notice is posted on the demised premises; and, if, in the case of notice to Lessor, such notice is mailed to Lessor by certified or registered United States Mail, or is delivered personally to Lessor, at Lessor's Real Estate Department office at Rm. 482, Union Station, Chicago, Illinois 60606 or at the office of Lessor where rental payments hereunder are to be made by Lessee, or at such other place as Lessor may from time to time designate in writing to Lessee. In computing the number of days specified in any notice given hereunder, the date of mailing or personal service or of posting, as the case may be, shall be counted as the first day.

LESSEE DEFINED XIII. The word "Lessee" as used herein shall be construed to include the plural as well as the singular and the necessary grammatical changes required to make the provisions hereof apply either to corporations or other forms of business association or to an individual or individuals, masculine or feminine, in all cases shall be assumed as having been made herein as though herein fully expressed.

The covenants and agreements herein contained shall inure to the benefit of and be binding upon the successors, heirs, executors, administrators and assigns of the parties hereto respectively; provided, however, that this lease shall not be assigned by Lessee without the written consent of Lessor.

It is expressly understood that nothing herein contained shall imply or import a covenant on the part of Lessor for quiet enjoyment.

SEPARABILITY The provisions of this lease are severable and it is the intention of the parties hereto that if this lease cannot take effect in its entirety because of the final judgment of any court of competent jurisdiction holding invalid any part or parts thereof, the remaining provisions of the lease shall be given full force and effect as completely as if the part or parts held invalid had not been included therein.

Marginal notes used herein are placed for reading convenience and shall not have any other meaning, implication or purpose, legal or otherwise.

All additions, changes or deletions herein were made prior to execution by either party, except that additions, changes or deletions made after execution by one party and before execution by the other shall be marginally initialled by both parties.

COMMITTEE ON ENVIRONMENTAL CONTROL.

Action Deferred—ON PROPOSED ORDINANCE FOR AMENDMENT OF CHAPTER 194 OF MUNICIPAL CODE CONCERNING LAKE MICHIGAN AND CHICAGO LAKEFRONT PROTECTION ORDINANCE TO ESTABLISH LAKEFRONT DISTRICT.

The Committee on Environmental Control submitted the following report, which was, at the request of two aldermen present (Alderman Bilandic and Alderman Fitzpatrick) *Deferred* and ordered published:

CHICAGO, September 25, 1973.

To the President and Members of the City Council:

Your Committee on Environmental Control, having had under consideration a proposed ordinance transmitted with a communication signed by Honorable Richard J. Daley, Mayor (which was referred on June 6, 1973) to amend the Municipal Code of Chicago by adding a new chapter thereto to be numbered 194B to be known as the Lake Michigan and Chicago Lakefront Protection Ordinance, to establish a Lakefront District wherein all development or construction will be specifically restricted and regulated so as to insure the integrity of and expand the quality and quantity of Chicago's magnificent Lakefront parks, begs leave to recommend that Your Honorable Body pass the substitute proposed ordinance transmitted herewith incorporating amendments to the original ordinance.

The recommendation was concurred in by ten members of the committee, with no dissenting vote.

Respectfully submitted,

(Signed) MICHAEL A. BILANDIC,
Chairman, Committee on Environmental Control.

The substitute proposed ordinance transmitted with the foregoing committee report reads as follows:

Whereas, The waters and environs of Lake Michigan are one of the greatest natural assets of the City of Chicago; and

Whereas, Over the years the city administrations have made such great efforts to insure a pure and plentiful water supply as digging a 28 mile channel to reverse the flow of the Chicago River and creating the world-famous Metropolitan Sanitary District; and

Whereas, The City has developed by land-fill the 20 mile long stretches of beach and shoreline enjoyed to this day by millions of persons—residents and visitors; and

Whereas, Traditionally Chicagoans have used their Lakefront for such myriad recreational pursuits as swimming, boating, water sports, picnicking, bicycling, horseback riding, scenic walks and rest; and

Whereas, No other Great Lake city has shown the same kind of concern or initiative to achieve, preserve, and develop its Lakefront potential for aesthetic and recreational purposes; and

Whereas, The foregoing has been accomplished at the same time that the city's port facilities have been expanded to make it the world's largest inland port; and

Whereas, Fourteen Basic Policies for the preservation and improvement of this priceless heritage, exemplified in The Lakefront Plan of Chicago, have been approved by the Chicago Plan Commission, and the Commissioners of the Chicago Park District, and adopted by the City Council; and

Whereas, The people of the City of Chicago have a personal interest in preserving this incomparable asset and this concern has been demonstrated by every generation of its citizens; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

Section 1. Pursuant to the provisions of the Constitution of the State of Illinois of 1970, the Municipal Code of Chicago is hereby amended by adding a new chapter thereto, to be numbered 194B and known as the Lake Michigan and Chicago Lakefront Protection Ordinance, as follows:

Article I—Declaration of Intent.

194B-1. Lake Michigan and the Lakefront of the City of Chicago are hereby designated a district having special environmental, recreational, cultural, historical, community, and aesthetic interests and values. It is the express legislative intention of this Ordinance to insure the preservation and protection of that district and of every aspect of its interest and value.

Article II—Title.

(h) To promote and provide for improved public transportation access to the Lakefront;

(i) To insure that no roadway of expressway standards, as hereinafter defined, shall be permitted in the Lakefront Parks;

(j) To insure that development of properties adjacent to the Lake or the Lakefront Parks is so designed as to implement the above-stated purposes, provided, however, that with respect to property located within the Private Use Zone as established by Articles V, VI, and IX of this Ordinance, the permitted use, special use, lot area per dwelling unit, and floor area ratio provisions of The Chicago Zoning Ordinance, Chapter 194A of the Municipal Code of Chicago, shall govern except where such provisions are in substantial conflict with the purposes of this Ordinance or the Fourteen Basic Policies of the Lakefront Plan of Chicago;

(k) To achieve the above-stated purposes, the appropriate public agency should acquire such properties or rights as may be necessary and desirable;

(l) To define and limit the powers and duties of the administrative body and officers as provided herein;

(m) Nothing contained in the Lake Michigan and Chicago Lakefront Protection Ordinance shall be deemed to be a waiver or consent, license or permit to use any property or to locate, construct or maintain any building, structure or facility or to carry on any trade, industry, occupation or activity which may be otherwise required by law.

(a) To receive from any applicant or public agency an application, on such forms as the Commission may provide, to undertake any landfill, excavation, impoundment, mining, drilling, roadway building or construction regulated by this Ordinance and receive from any public

agency an application, on such forms as the Commission may provide, to acquire or dispose of property regulated by this Ordinance; to review, approve or disapprove said application, provided that (1) a public hearing is noticed and held in accordance with the provisions of subparagraphs (b), (c), (d) and (e) hereof, and (2) a written report is prepared and filed with the Commission by the Commissioner of the Department of Development and Planning in accordance with the provisions of paragraph 194B-6.2 hereof. The forms provided by the Commission shall not require detailed working drawings or plans.

(b) Within seven (7) days from the date of receipt of said application, the Commission shall schedule a public hearing on the question of same setting forth a date within sixty (60) days thereof, time and place and causing written notice to be given the transmitting public agency and the applicant. The Commission shall cause a legal notice to be published in a newspaper of general circulation in the City of Chicago setting forth the nature of the hearing, the property involved and the date, time and place of the scheduled public hearing. Said public hearing shall be scheduled on a date not less than fifteen (15) days nor more than thirty (30) days from the date of publication of notice.

(c) In addition to the notice requirements hereinabove provided, each applicant subject to the provisions hereof shall, not more than thirty (30) days before filing said application, serve written notice, either in person or by certified or registered mail, return receipt requested, on the owners of all property within 250 feet in each direction of the lot line of the subject property, said owners being such persons or entities which appear from the authentic tax records of Cook County; provided, that the number of feet occupied by all public roads, streets, alleys and other public ways shall be excluded in computing the 250 feet requirement; provided, further, that in no event shall this requirement exceed 400 feet. Said public hearings shall be concluded within thirty (30) days after commencement thereof; provided, however, that the Commission may grant such extensions of time as the applicant may request, said extensions of time to be deemed a waiver of the thirty (30) day period herein provided to the extent of the continuance granted.

(e) The Commission shall make a determination with respect to the proposed application, plan, design or proposal in writing within thirty (30) days after the hearings are concluded and shall notify the forwarding public agency and the applicant of the Commission's approval or disapproval thereof, setting forth findings of fact constituting the basis for its decision. The decision of the Chicago Plan Commission shall be made in conformity with the purposes for which this Ordinance is adopted as set forth in Article III hereof, as well as the Fourteen Basic Policies contained in the Lakefront Plan of Chicago adopted by the City Council on October 3, 1973. The decision of the Chicago Plan Commission shall be deemed a final order and binding upon all parties. Failure of the Commission to make a determination within the time hereinabove prescribed shall be deemed a disapproval.

194B-6.3. The Commissioner of Buildings shall have the following duties and responsibilities:

The Commissioner of Environmental Control shall, upon receipt of any proposal or application as hereinabove provided, conduct an investigation of the ecological and environmental impact of said proposal and forward his findings to the Commissioner of Development and Planning in writing within the earliest feasible period of time after receipt thereof.

194B-6.5. Any public agency that proposes to acquire or dispose of any real property whether by sale or lease, or other means, or proposes a physical change including but not limited to landfill, excavation, impoundment, mining, drilling, roadway building or construction of any kind, whether permanent or temporary, within the Lake Michigan and Chicago Lakefront Protection District, shall forward that proposal to the Chicago Plan Commission not less than ninety (90) days, nor more than 365 days prior to the initiation of the action proposed.

Article VII—Penalties and Remedies.

194B-7.1. Any person found guilty of violating, disobeying, omitting, neglecting, or refusing to comply with, or resisting or opposing the enforcement of any of the provisions of this chapter, except when otherwise specifically provided, upon conviction thereof shall be punished by a fine of not less than Fifty Dollars ($50.00) nor more than Three Hundred Dollars ($300.00) for the first offense and not less than Two Hundred Dollars ($200.00) nor more than Five Hundred Dollars ($500.00) for the second and each subsequent offense in any 180-day period; provided, however, that all actions seeking the imposition of fines only shall be filed as quasi-criminal actions subject to the provisions of the Illinois Civil Practice Act (Ill. Rev. Stat. 1971, ch. 110, pars. 1 et seq.). Repeated offenses in excess of three (3) within any 180-day period may also be punishable as a misdemeanor by incarceration in the county jail for a term not to exceed six (6) months under the procedure set forth in Section 1-2-1.1 of the Illinois Municipal Code (Ill. Rev. Stat. 1971, ch. 24, par. 1-2-1.1) and under the provisions of the Illinois Code of Criminal Procedure (Ill. Rev. Stat. 1971, ch. 38, pars. 100-1, et seq.), in a separate proceeding. A separate and distinct offense shall be regarded as committed each day upon which each person shall continue any such violation, or permit any such violation to exist after notification thereof.

194B-7.2. Notwithstanding the provisions of subparagraph 7.1 hereof, in the event any structure or building, landfill, excavation, impoundment, mining or drilling has been undertaken in violation of this chapter, the City of Chicago may institute appropriate legal or equitable proceedings to prevent the completion or maintenance of said unlawful undertaking.

Article VIII—Severability.

194B-8. If any provision, clause, sentence, paragraph, section, or part of this chapter, or application thereof to any person, firm, corporation, public agency or circumstance, shall, for any reason, be adjudged by a court of competent jurisdiction to be unconstitutional or invalid, said judgment shall not affect, impair or invalidate the remainder of this chapter and the application of such provision to other persons, firms, corporations, public agencies, or circumstances, but shall be confined in its operation to the provision, clause, sentence, paragraph, section, or part thereof directly involved in the controversy in which such judgment shall have been rendered and to the person, firm, corporation, public agency, or circumstances involved. It is hereby declared to be the legislative intent of the City Council that this chapter would have been adopted had such unconstitutional or invalid provision, clause, sentence, paragraph, section, or part thereof not been included.

Article IX—District Maps.

194B-9.1. The location and boundaries of the District and its three zones established by this Lake Michigan and Chicago Lakefront Protection Ordinance are shown upon the following District maps which are hereby incorporated into this Lake Michigan and Chicago Lakefront Protection Ordinance. The said District maps, together with everything shown thereon and all amendments thereto, shall be as much a part of this Lake Michigan and Chicago Lakefront Protection Ordinance as is fully set forth and described herein.

194B-9.2. (1) Where District boundary lines are indicated as following streets or alleys or extensions thereof, such boundary lines shall be construed to be the center lines of said streets or alleys or extensions thereof.

(2) Where District boundary lines are indicated as adjoining railroads, such boundary lines shall be construed to be the boundary lines of the railroad rights of way, unless otherwise dimensioned.

(3) Where District boundary lines are indicated as adjoining expressways such boundary lines shall be construed to be the boundary lines of the expressway rights of way, unless otherwise dimensioned.

(4) Dimensioned District boundary lines shown on the maps are intended usually to coincide with lot lines. Where a dimensioned boundary line coincides approximately but not exactly with a lot line which existed on the effective date of incorporation of such boundary line into the map(s), the said boundary line shall be construed to include the said lot affected.

Section 2. This ordinance shall take effect on and after ten days from the date of its due passage and publication.

Re: *Fuehrmeyer, et al.* vs. *City of Chicago*
City of Evanston vs. *Dept. of Registration*
Consolidated Case No. 72 CH 7115

DEAR SIR—As you recall the above entitled law suit was filed testing the validity of Public Act 77-1818, a statute which purported to divest from the City of Chicago the power to license insurance brokers (and 29 other professions). The Circuit Court per Judge O'Brien, found that Public Act 77-1818 was unconstitutional and to no effect. Presently, the insurance brokers are appealing Judge O'Brien's ruling.

Judge O'Brien, on October 3, 1973, entered an order that, pending the final outcome of the appeal by the Supreme Court of Illinois, the City Treasurer should set aside in a segregated fund license fees paid under protest by insurance brokers. The order applies only to insurance broker fees paid pursuant to Sections 113-10 through 113-14 of the Municipal Code of Chicago, and only to fees paid after October 3, 1973 and only to fees paid under protest. The order recites that no formality is necessary to indicate that a fee is being paid under protest. Any indication of "payment under protest" is sufficient.

Very truly yours,

(Signed) RICHARD L. CURRY,
Corporation Counsel.

This Agreement, made and entered into this ..... day of ....., 1973, by and between the Norwood Park Township, a political subdivision in the County of Cook, State of Illinois, hereinafter referred to as "Grantor", party of the first part, and the City of Chicago, a municipal corporation organized under the laws of the State of Illinois, hereinafter referred to as the "City", party of the second part;

WITNESSETH:

That, Whereas, the City is preparing to construct Contract No. 3 of the Foster Avenue System of Auxiliary Outlet Sewers and desires permission and authority to install, maintain and use said sewer under and across the following streets in the Northeast quarter (NE¼) of Section 11 and the West half (W½) of the Northwest Quarter (NW¼) of Section 12, Township 40 North, Range 12 East of the Third Principal Meridian, in the County of Cook, Illinois; and

Whereas, the Grantor recognizes the public necessity for the construction and operation of said sewer and is willing to grant such permission and authority to the City upon the terms and conditions hereinafter set forth;

Now, Therefore, in consideration of the sum of One Dollar ($1.00) in hand paid by the City to the Grantor, the receipt and sufficiency of which is hereby acknowledged, and of the covenants hereinafter to be kept and performed by the City, the Grantor does hereby give and grant in perpetuity to City an easement for, and permission and authority to install, maintain and use, construct, reconstruct, repair and operate a 36″ diameter sewer below a horizontal plane whose elevation is fifty feet above Chicago City Datum (+50.0′ C.C.D.), except where manholes will be built from the sewer to the surface of the ground, under and through a public street known as Courtland Avenue, which is located in the unincorporated area of Norwood Park Township, said Courtland Avenue being a continuation of N. 3. City assumes and agrees to pay for all loss, damage, injury or death, including costs and and expenses incident thereto, caused to any person including Grantor, or to the property of any person including Grantor, by or during the construction of said sewer or by the maintenance and repair thereof, or by its presence or use upon the property of Grantor, or caused by any defect in or failure of said sewer; and City shall forever indemnify Grantor against and save him harmless from all liability for any such loss, damage, injury, or death.

   In case any suit shall be brought against Grantor, on account of any such loss, damage, injury, or death, the City agrees at its own expense to assume the defense thereof and to pay any and all judgments recovered against Grantor, or costs incurred by him on account of any such suit; provided however, that in case any suit be brought against Grantor for any such loss, damage, injury, or death, Grantor, providing he has been served with proper summons, shall at least ten (10) days before the return date of the summons give notice in writing of any such suit and of such service to the Mayor or City Clerk of City in order that City may make a proper defense.

4 That Grantor, after the expiration of said temporary easement granted to City, reserves the right to use, occupy and enjoy the surface of said property above the described sewer for such purpose, in such manner, and at such time as he shall desire, provided that if buildings or structures are to be constructed thereon by Grantor, the plans shall be subject to the approval of the Chief Engineer of the Department of Public Works of City.

5. Grantor reserves the right to connect to said sewer under the rules and regulations of Bureau of Sewers of the City of Chicago.

6. The authority hereby granted to City is not assignable or transferable, and shall cease if the said sewer shall be abandoned, or shall cease to be used for sewer purposes, or if said sewer shall not be laid, constructed and installed within a period of five (5) years from the date of this instrument.

This agreement shall run with the land and be binding upon the grantees, lessees, successors, and assigns of the parties hereto, unless terminated by the abandonment of the sewer or the failure to construct it as specified above.

Part III—SPONSOR'S ASSURANCES

In order to furnish the assurances required by the Act and Regulations the Sponsor hereby covenants and agrees with the United States, as follows:

1. These covenants shall become effective upon acceptance by the Sponsor of an offer of Federal aid for the Project or any portion thereof, made by the FAA and shall constitute a part of the Grant Agreement thus formed. These covenants shall remain in full force and effect throughout the useful life of the facilities developed under this Project, but in any event not to exceed twenty (20) years from the date of said acceptance of an offer of Federal aid for the Project. However, these limitations on the duration of the covenants do not apply to the covenant against exclusive rights. Any breach of these covenants on the part of the Sponsor may result in the suspension or termination of, or refusal to grant Federal assistance under, FAA administered programs, or such other action which may be necessary to enforce the rights of the United States under this agreement.

2. The Sponsor will operate the Airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the Airport open to all types, kinds, and classes of aeronautical use on fair and reasonable terms without discrimination between such types, kinds, and classes. Provided; That the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airport; And Provided Further, That the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the Airport if such action is necessary for the safe operation of the Airport or necessary to serve the civil aviation needs of the public.

3. The Sponsor—

a. Will not grant or permit any exclusive right forbidden by Section 308(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1349(a)) at the Airport, or at any other airport now owned or controlled by it;

b. Agrees that, in furtherance of the policy of the FAA under this covenant, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm or corporation the exclusive right at the Airport, or at any other airport now owned or controlled by it, to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity.

c. Agrees that it will terminate any existing exclusive right to engage in the sale of gasoline or oil, or both, granted before July 17, 1962, at such an airport, at the earliest renewal, cancellation, or expiration date applicable to the agreement that established the exclusive right; and

d. Agrees that it will terminate any other exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under the Airport and Airway Development Act.

4. The Sponsor agrees that it will operate the Airport for the use and benefit of the public, on fair and reasonable terms, and without unjust discrimination. In furtherance of the covenant (but without limiting its general applicability and effect), the Sponsor specifically covenants and agrees:

a. That in its operation and the operation of all facilities on the Airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or national origin in the use of any of the facilities provided for the public on the Airport.

b. That in any agreement, contract, lease, or other arrangement under which a right or privilege at the Airport is granted to any person, firm, or corporation to conduct or engage in any aeronautical activity for furnishing services to the public at the Airport, the Sponsor will insert and enforce provisions requiring the contractor:

(1) to furnish said service on a fair, equal, and not unjustly discriminatory basis to all users thereof, and

(2) to charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; Provided, That the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. That it will not exercise or grant any right or privilege which would operate to prevent any person, firm or corporation operating aircraft on the Airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance and repair) that it may choose to perform.

d. In the event the Sponsor itself exercises any of the rights and privileges referred to in subsection b, the services involved will be provided on the same conditions as would apply to the furnishing of such services by contractors or concessionaires of the Sponsor under the provisions of such subsection b.

5. Nothing contained herein shall be construed to prohibit the granting or exercise of an exclusive right for the furnishing of nonaviation products and supplies or any service of a nonaeronautical nature or to obligate the Sponsor to furnish any particular nonaeronautical service at the Airport.

6. The Sponsor will operate and maintain in a safe and serviceable condition the Airport and all facilities thereon and connected therewith which are necessary to serve the aeronautical users of the Airport other than facilities owned or controlled by the United States, and will not permit any activity thereon which would interfere with its use for airport purposes: Provided, That nothing contained herein shall be construed to require that the Airport be operated for aeronautical uses during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance; And Provided Further, That nothing herein shall be construed as requiring the maintenance, repair, restoration or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the Sponsor. In furtherance of this covenant the Sponsor will have in effect at all times arrangements for:

a. Operating the airport's aeronautical facilities whenever required.

b. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions, and

c. Promptly notifying airmen of any condition affecting aeronautical use of the Airport.

7. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, prevent the construction, erection, alteration, or growth of any structure, tree, or other object in the approach areas of the runways of the Airport, which would constitute an obstruction to air navigation according to the criteria or standards prescribed in Section 77.23, as applied to Section 77.25, Part 77 of the Federal Aviation Regulations. In addition, the Sponsor will not erect or permit the erection of any permanent structure or facility which would interfere materially with the use, operation, or future development of the Airport, in any portion of a runway approach area in which the Sponsor has acquired, or hereafter acquires, property interests permitting it to so control the use made of the surface of the land.

8. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, take action to restrict the use of land adjacent to or in the immediate vicinity of the Airport to activities and purposes compatible with normal airport operations including landing and takeoff of aircraft.

9. The Sponsor will keep up to date at all times an airport layout plan of the Airport showing (1) the boundaries of the Airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the Sponsor for airport purposes, and proposed additions thereto; (2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities; and (3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon. Such airport layout plan and each amendment, revision, or modification thereof, shall be subject to the approval of the FAA, which approval shall be evidenced by the signature of a duly authorized representative of the FAA on the face of the airport layout plan. The Sponsor will not make or permit the making of any changes or alterations in the Airport or any of its facilities other than in conformity with the airport layout plan as so approved by the FAA, if such changes or alterations might adversely affect the safety, utility, or efficiency of the Airport.

10. All facilities of the Airport developed with Federal aid and all those usable for the landing and taking off of aircraft, will be available to the United States at all times, without charge, for use by government aircraft in common with other aircraft, except that if the use by government aircraft is substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining facilities so used, may be charged. Unless otherwise determined by the FAA, or otherwise agreed to by the Sponsor and the using agency, substantial use of an airport by government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the FAA, would unduly interfere with use of the landing area by other authorized aircraft, or during any calendar month that:

a. Five (5) or more government aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement and each takeoff as a movement) of government aircraft is 300 or more, or the gross accumulative weight of government aircraft using the Airport (the total movements of government aircraft multiplied by gross certified weights of such aircraft) is in excess of five million pounds.

11. Whenever so requested by the FAA, the Sponsor will furnish without cost to the Federal Government, for construction, operation, and maintenance of facilities for air traffic control activities, or weather reporting activities and communication activities related to air traffic control, such areas of land or water, or estate therein, or rights in buildings of the Sponsor as the FAA may consider necessary or desirable for construction at Federal expense of space or facilities for such purposes. The approximate amounts of areas and the nature of the property interests and/or rights so required will be set forth in the Grant Agreement relating to the Project. Such areas or any portion thereof will be made available as provided herein within 4 months after receipt of written request from the FAA.

12. The airport operator or owner will maintain a fee and rental structure for the facilities and services being provided the airport users which will make the Airport as self-sustaining as possible under the circumstances existing at the Airport, taking into account such factors as the volume of traffic and economy of collection.

13. The Sponsor will furnish the FAA with such annual or special airport financial and operational reports as may be reasonably requested. Such reports may be submitted on forms furnished by the FAA, or may be submitted in such manner as the Sponsor elects so long as the essential data are furnished. The Airport and all airport records and documents affecting the Airport, including deeds, leases, operation and use agreements, regulations, and other instruments, will be made available for inspection and audit by the Secretary and the Comptroller General of the United States, or their duly authorized representatives, upon reasonable request. The Sponsor will furnish to the FAA or to the General Accounting Office, upon request, a true copy of any such document.

14. All project accounts and records will be kept in accordance with a standard system of accounting if so prescribed by the Secretary.

15. If at any time it is determined by the FAA that there is any outstanding right or claim of right in or to the Airport property, other than those set forth in Part II, paragraphs 7(a), 7(b), and 7(c), the existence of which creates an undue risk of interference with the operation of the Airport or the performance of the covenants of this Part, the Sponsor will acquire, extinguish, or modify such right or claim of right in a manner acceptable to the FAA.

16. The Sponsor will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency found by the FAA to be eligible under the Act and Regulations to assume such obligations and having the power, authority, and financial resources to carry out all such obligations. If an arrangement is made for management or operation of the Airport by any agency or person other than the Sponsor or an employee of the Sponsor, the Sponsor will reserve sufficient rights and authority to insure that the Airport will be operated and maintained in accordance with the Act, the Regulations, and these covenants.

17. Unless the context otherwise requires, all terms used in these covenants which are defined in the Act and the Regulations shall have the meanings assigned to them therein.

Part IV–PROJECT AGREEMENT

If the Project or any portion thereof is approved by the FAA, and an offer of Federal aid for such approved Project is accepted by the Sponsor, it is understood and agreed that all airport development included in such Project will be accomplished in accordance with the Act and the Regulations, the plans and specifications for such development, as approved by the FAA, and the Grant Agreement with respect to the Project.
